

WSC Home Inspections

Prepurchase Home Inspections

As a real estate professional you know the importance of getting a thorough understanding of the condition of any home that your client is about to purchase. Let us help you get a clearer understanding of some of the items that may not be immediately noticeable.

My name is Jim Root and I would love to have an opportunity to help you assist your clients with what may be the biggest purchase that they ever make.

I have been in the construction industry for over 30 yrs and have been actively engaged in home inspections for nearly ten years.

In my construction career I spent several years repairing homes that failed FHA and VA inspections which gives me a little more insight into what those appraisers are looking for.

I am certified as a home inspector by the International Association of Certified Home Inspectors.

I am a member of the Salt Lake Board of Realtors so I have access to the Supra Key system

We can generally schedule an inspection in 48 hrs. So if you have tight deadlines we are ready to serve your clients now.
